Parent Guide

How this worksheet is used

This worksheet is part of the demo lesson.

It helps the teacher understand your child's speaking level, grammar, vocabulary, and creativity in a relaxed, comfortable way.

Your child does not need to complete everything in advance.

- The child may choose one of the suggested options or create their own idea
- Writing is optional — the task can also be completed orally together with the teacher during the lesson
- There are no right or wrong answers — this is not a test

The goal of this worksheet is to help your child start speaking naturally and feel confident during the demo lesson.
